

# Excavator Swivel Guard “Car Body Belly Pan”

Swivel guards help protect the swivel area from rocks, sticks and other debris.

HNL swivel guards are designed to replace the thin or absent factory belly pan under the car body frame.

## Features

- Flush Mount
- All Grade 8 Hardware
- Split Plate Design Allows for One Person Installation
- Outer Plate Reinforced with Internal Steel Plate
- Safety Bolts with Nylock Nuts Allow one Person to Lower Swivel Guard for Servicing
